TECHNICAL DATA SHEET

PRODUCT: OPEN WIDE
PART NUMBER: POW-109.1

DESCRIPTION: OPEN WIDE is a powerful prilled drain opener that rapidly generates intense heat to attack and disintegrate most organic material. OPEN WIDE not only attains boiling temperature quickly, but holds its temperature long enough to completely dissolve the blockage. OPEN WIDE’s super action powered beads go directly to the point of stoppage, liquefying and clearing fats, grease, sludge, food residue, hair, coffee grounds, soap scum, slime and other matter. OPEN WIDE has been fortified with powerful rust inhibitors to prevent corrosion, and specialized aluminum activator chips to help accelerate the reaction. OPEN WIDE is uniquely blended with a fresh pine fragrance, with a continuous time release to mask odors with a fresh pine scent while the product works.

ADVANTAGES:
1) Unclogs drains fast through penetration, agitation and chemical reaction.
2) Dissolves hair, grease, fats, sludge and other protein matter.
3) A powerful non-acid positive drain opener.
4) Harmless to all pipes and septic tanks.
5) Prilled formulation allows for more concentrated blend of active ingredients for economical use factors.
6) Blended with unique activator chips to expedite the reaction.

AREAS OF USE: Schools, hospitals, industrial plants, recreation areas, public restrooms, bus stations, airports, railway stations, nursing homes, municipal buildings, hotels, motels, apartments, restaurants, truck stops, office buildings, condominiums, golf courses, health spas, warehouses and any other place where clogged drains are a problem.

PRECAUTIONS: Use only according to directions on label. Never use product with acid bowl cleaners, sulfuric acid drain openers or other chemicals.

CAUTIONS: Avoid contact with eyes, skin and clothing. For eye contact, flush with water for 15 minutes while holding the upper and lower lids open. See a doctor. For skin contact, wash affected area well with soap and water. If irritation persists, see a doctor.
